SPORT VENUES AND CLUSTERS

For this edition of the WSG in Asuncion, the games are designed to deliver a compact, athlete-centered, and community-driven experience. The event will be anchored at four different clusters:

- The Comité Olímpico Paraguayo (COP) will serve as a central hub for competitions and athlete services;
- The Secretaría Nacional de Deportes (SND), hosting other key disciplines within its high-performance facilities;
- The Downtown District Cluster will transform the heart of Asunción into a vibrant stage for urban and fan-focused events, bringing sport closer to the community and creating a dynamic festival atmosphere;
- A fourth standalone venue dedicated to the downhill disciplines will be confirmed shortly, ensuring optimal technical conditions and an exciting setting for these events.

Together, these strategically located clusters will provide operational efficiency, reduced travel times, and an engaging multisport celebration that showcases both sporting excellence and the unique character of Asunción. Below you will find the detailed sports and disciplines per Cluster.
